Safety Decade Monday

TAMPA, FLORIDA – February 1, 2016 – TradeMark Nitrogen has worked more than 700,000 hours, 3,653 days, and 10 years, without a lost time incident.

Safety truly is no accident. This very significant milestone could not have been reached if it were not for the teamwork, cooperation and dedication of each employee at TradeMark Nitrogen. A constant focus on maintaining a safe work environment for employees, both in the front office and outside in the manufacturing facility, is our number one priority. As our “safe days clock” continues to tick, our employees, their families, and the Tampa community are reminded that TradeMark Nitrogen will operate each day as safe and efficiently as they possibly can.

“Your dedication to working safely is truly an inspiration,” exclaimed Jeff Kirk-EHS Manager during a luncheon held Monday afternoon at the TradeMark Nitrogen office in Tampa, Florida. “World Class Safety is a long journey and this is just a mile marker on our journey.” Next up is one millions hours without a lost time incident.

About TradeMark Nitrogen

TradeMark Nitrogen Corporation is a wholesale manufacturer, seller and distributor of bulk commodities for industrial and agricultural customers throughout the U.S. With over 30 years of experience in the fertilizer industry, our highly trained staff has earned a reputation for reliability and performance. TradeMark is positioned to meet the demands that are required in a changing and expanding environment. TradeMark operates on a customer focused philosophy, open for business 24 hours a day/7 days a week/365 days a year to facilitate customer schedules and needs.
